

WEEKS WEARS 1916 SUIT:
HAYS FOLLOWS HIS LEAD

The economy habit is spreading in the Cabinet.
Recently Secretary Weeks dragged out a suit bought in 1916. Postmaster General Hays saw it and was reminded of the one just like it he had bought on the same occasion. He had it relined and wore it to the last Cabinet meeting. Secretary Ball bought new trousers to wear with the coat of a worn-out suit.

MAKE PROFITEERS PAY SOLDIER BONUS, BRYAN DEMANDS

Commoner Indorses Remuneration for Veterans—Says Money Should Come From Rich.

By International News Service.
ATLANTA, Ga., June 7.—William Jennings Bryan yesterday declared in a statement to the press that he not only favors a bonus for soldiers who served during the late war, but that

he hopes it may be possible to pay it out of the profits of those who grew rich as a result of the war.

"The famous Nebraskan, who lately announced the transfer of his legal residence from Nebraska to Florida, declined to verify or deny reports that he would be a candidate for the United States Senate from Florida. "I moved to Florida because of my wife's health," he said.

Bryan declared prohibition sentiment is growing stronger all the time. He also expressed the opinion that sentiment for world disarmament is growing, but deprecated efforts to combine land disarmament with proposals for naval disarmament now being considered.

Seventeen Hurt in Collision.

CAMDEN, N. J., June 7.—Seventeen men and women were injured yesterday when a one-man trolley car collided with a bus in front of the court house. None will die.

HONDURAS REVOLT LOOMS; OFFICIALS FAN U. S. HATE

Business Men Predict Revolution—Generals Incite Workers To Destroy Property.

By International News Service.
A revolution in Honduras within ninety days was predicted today by representatives of American business firms operating in that republic. Discrimination against American inter-

ests and open encouragement by government officials of attacks upon American property is charged.
During a recent strike at La Ceiba, Don Eduardo Guillen and Gen. Vicente Foster, military chiefs sent to maintain order among the workmen, are reported to have made incendiary speeches to the strikers, promising entire support of any violence they might commit against American property. Encouraged by these exhortations, the strikers are said to have attacked the property of the firm of Vaccaro Brothers, of New Orleans, inflicting considerable damage.

At Porto Cortes a short time later, the same generals are said to have instigated an attack upon the property of the Cuyamal Fruit Company, also of New Orleans.

Changes of discrimination against American capital in favor of British oil interests also are made.
A general feeling of dissatisfaction has been created by the arbitrary methods of the Gutierrez government. It is asserted, and revolutionary bands are springing up which need only unification and a recognized leader to convert them into a body of sufficient strength to menace the government.

IMMODEST WOMEN ARE BARRED FROM CHURCH BY PRIEST

Those Improperly Clad Must Be Made an Example of, He Says.

CUMBERLAND, Md., June 7.—The Rev. Marcellus Horn, rector of St. Peter and Paul Catholic Church, who served in the army as a chaplain on transports during the world war and who is chaplain of Fort Cumberland Post, No. 13, American Legion, has opened a campaign against the immodest dress worn by some women of his parish.

He declares that "some women wear their skirts so short that it is hard to discern whether or not they have one on."

Father Horn opened his campaign on immodest wearing apparel Sunday morning, and threatened to refuse admittance to church of women improperly clad.
"Some one must be made an example of," Father Marcellus declared, "and while I am not desirous of embarrassing any one, I feel that I am in duty bound to put an end to women appearing in church clad in clothes that are not only improper but immodest. The world looks to the church to reform the dress of the age, and I see no use in putting it off."

WESTON, ALTHOUGH 82, WALKS 12 MILES DAILY

Weston has been living recently on a farm in Putnam, six miles from Rosendale. Each day the weather is favorable the veteran walker hikes to Rosendale and back. He also hikes another three miles a day to get his mail.

BURGLAR'S \$15,000 LOOT IS CLAIMED BY OWNERS

CHICAGO, June 7.—"Old Home Week" at the Englewood police station has ended. The celebration came to an end when the "lootup" \$15,000 stock of merchandise finally vanished—to its proper owners.
Two bandits arrested by Englewood police netted the discovery of \$15,000 in stolen loot hidden in their homes. The bandits of residents of the Englewood district visited the station, identifying stolen property.

The loot ranged from hairpins to firearms and from floor lamps to jewelry and clothing.

BUTLER, Pa., June 7.—Hiram Van Dyke, of South Buffalo township, Armstrong county, captured eight young foxes in an old slab and sawdust pile not far from his home. They are about the size of kittens, and Mr. Van Dyke would be glad to present them to people in the cities who would appreciate and care for a pet which is out of the ordinary.

Bulgarian King to Visit U. S.
